etchin.github.io

EDUCATION	Stanford University <i>PhD, Biomedical Data Science</i> <i>Full scholarship funding – 6 years:</i> <i>National Science Foundation Graduate Fellowship</i> <i>Stanford Graduate Fellowship</i>	September 2017- May 2022 (Expected)
	University of California Los Angeles <i>BS, Applied Mathematics</i> <i>Minor, Bioinformatics</i>	2013-2017
EMPLOYMENT & AFFILIATIONS	Stanford University Department of Biomedical Data Science <i>Doctoral candidate</i> <i>Advisors: Dr. Euan Ashley & Dr. Trevor Hastie</i> <i>Thesis: Data science for health equity.</i>	2017-Present
	Stanford University Department of Health Policy <i>Researcher</i> <i>Advisors: Dr. Jason Andrews, Dr. Jeremy Goldhaber-Fiebert,</i> <i>Dr. Joshua Salomon, Dr. David Studdert</i> Modeling and assessing Covid-19 policies in California prisons	2020-Present
	Harvard University Immigration Lab <i>Biostatistician</i> <i>Advisor: Dr. Katherine Peeler</i> Sole statistician for the Peeler Immigration Lab, which focuses on human rights issues and healthcare access in immigration detention centers	2020-Present
	Quora <i>Data Science Intern</i>	Summer 2017
	Adobe Systems <i>Machine Learning Intern</i>	Summer 2016
	University of California Los Angeles Department of Bioinformatics <i>Research Assistant</i> <i>Advisor: Dr. Xinshu (Grace) Xiao</i> Development of bioinformatic methods for genomics	2014-2017
	Harvard University Department of Systems Biology <i>Summer Research Fellow</i> <i>Advisor: Dr. Pardis Sabeti</i> Development of machine learning methods for triaging to improve outbreak response in Low-to-Middle-Income Countries	Summer 2015
	University of California Irvine National Science Foundation <i>REU Fellow</i> <i>Advisor: Dr. Rachel Martin & Dr. Carter Butts</i> Development of statistical models for protein modeling	Summer 2014

"Effectiveness of COVID-19 Vaccines among Incarcerated People in California State Prisons: A Retrospective Cohort Study." *Under review*.
 —→ Co-authored with colleagues from the Centers for Disease Control and Prevention.
3. **Chin ET**, Goldhaber-Fiebert JD, Ryckman T, Prince L, Andrews JR, Salomon JA, Studdert DM (2021) "Covid-19 Testing Hesitancy Among Incarcerated Men in California." *Under review*.

Journal Articles - Commentaries & Editorials

1. Uppal N, **Chin ET**, Lee CH, Erfani P, Peel KR (2021) "International Medical Graduates and Practice Rates in Underserved Communities in Florida." *Under review*.

PRESENTATIONS

1. Stanford Covid-19 modeling and research. “Joint briefing for California Department of Corrections and Rehabilitation, Federal Receiver & Prison Law Office.” July 28 2021. *Invited speaker.*
2. Effectiveness of Covid-19 Vaccines among Residents in California State Prisons. “Briefing for California Department of Corrections and Rehabilitation & Federal Receiver.” June 28 2021. *Invited speaker.*
3. Resumption of in-person activities and Covid-19 Risks in CDCR Prisons. “Briefing for California Department of Corrections and Rehabilitation & Federal Receiver.” April 6 2021.
4. Modeling Vaccination in California Prisons. “Briefing for California Department of Corrections and Rehabilitation & Federal Receiver.” February 23 2021.
5. Frequency of routine testing for Covid-19 in High-risk Healthcare Environments. “Massachusetts Primary Care Leader Community Call.” December 15 2020. *Invited speaker.*
6. Mass incarceration under COVID-19. “Swiss-Re Covid-19 Summit: Moving from reacting to managing.” November 10 2020. *Invited speaker.*
7. Housing density, contacts, & risk of Covid-19. “Briefing for California Department of Corrections and Rehabilitation.” November 3 2020. *Invited speaker.*
8. Covid Risk and Transmission in the California Prison System: Data, Models, and Policies. “Stanford Health Policy Research Seminar.” September 25 2020. *Invited speaker.*
9. Factors relevant to Covid-19 risk in California prisons. “Briefing for California Department of Corrections and Rehabilitation & Federal Receiver.” October 13 2020. *Invited speaker.*
10. Modeling the Spread of Covid-19 in California III. “Briefing for California Department of Corrections and Rehabilitation & Federal Receiver.” August 4 2020. *Invited speaker.*
11. Modeling the Spread of Covid-19 in California II. “Briefing for California Department of Corrections and Rehabilitation & Federal Receiver.” July 16 2020. *Invited speaker.*
12. Modeling the Spread of Covid-19 in California I. “Briefing for California Department of Corrections and Rehabilitation.” July 2 2020. *Invited speaker.*
13. Longitudinal examination of mental health care need & criminal arrests. “Stanford Biomedical Data Science Research Seminar.” February 2 2020. Oral presentation.
14. Identifying and interpreting novel trajectories using longitudinal manifold learning. “Stanford Biomedical Data Science Research Symposium.” September 19 2019. Poster.
15. Disentangling the longitudinal topological landscape of wellness. “Stanford Biomedical Data Science Research Seminar.” March 5 2019. Oral presentation.
16. Network normalization to correct for batch effects in single cell RNA-seq. “Stanford Biomedical Data Science Research Symposium.” September 13 2018. Poster.
17. Community structure framework for reducing batch effects in identifying cell populations for single cell RNA-seq. “Stanford Biomedical Data Science Research Seminar.” April 17 2018. Oral presentation.
18. Adjusting batch effects in scRNA-seq data using optimal matching. “Chan-Zuckerberg Biohub Conference.” November 30 2017. Poster.

	<p>19. Aberrant RNA processing in immune response mechanisms in lung adenocarcinoma. “University of California Los Angeles Research Symposium.” June 1 2016. Poster.</p> <p>20. Information theory and Bayesian modeling of prognosis in Lassa Fever patients. “Harvard Research Symposium.” August 13 2015. Poster.</p> <p>21. Bayesian model integration methods to predict protein aggregation. “University of California Irvine Research Symposium.” September 2 2014. Oral presentation.</p>
PATENTS	U.S. Patent Application 20180137522, “Segment Valuation in a Digital Medium Environment,” May 17, 2018.
SELECTED HONORS	<p>The Lancet Infectious Disease 2021 Editor’s choice article</p> <p>National Science Foundation Graduate Fellowship March 2017 Full scholarship funding – 3 years</p> <p>Stanford Graduate Fellowship March 2017 Full scholarship funding – 3 years</p> <p>Amgen Scholars Summers 2015, 2016 (declined) \$6000 fellowship awarded to fund summer research at the University of California Los Angeles</p> <p>Harvard Summer Research Scholar Summer 2015 \$6000 fellowship awarded to fund summer research at the Broad Institute</p> <p>Lau Research Fellowship 2015-2016 \$2000 research fellowship awarded by University of California Los Angeles</p> <p>NSF Research Experience for Undergraduates Summer 2014 \$6000 fellowship awarded to fund summer research at University of California Irvine</p> <p>Norma J. Ehrlich Scholarship 2013-2017 Competitive merit scholarship</p>
TEACHING & MENTORING	<p>Instructor, Stanford Advancing Health Equity & Diversity Program 2021</p> <p>Instructor, Stanford Prison Education Project 2019-Present Developed & co-taught seminars for incarcerated individuals at a local jail.</p> <p>Mentor, Stanford Inclusive Mentorship in Data Science 2021 Mentored a community college student as part of Stanford’s initiative to improve access to data science for individuals from underrepresented groups.</p> <p>Mentor & Invited speaker, Girls Who Code 2016, 2021 Mentored early college students to improve retention of women in STEM.</p> <p>Mentor, AAMPLIFY 2018-2019 Mentored a high school student as part of AAMPLIFY’s goals to help uplift & empower local underserved AAPI students.</p> <p>Teaching Assistant, Translational Bioinformatics Winter, Fall 2019 Developed new problem sets, facilitated discussions, and mentored students in writing research proposals around the use of computational methods to translate biomedical data into applications.</p>
PROFESSIONAL SERVICE	<p>Reviewer, <i>PLOS Global Public Health</i> 2021</p> <p><i>Scientific Reports</i> 2021</p> <p><i>PLOS One</i> 2021</p> <p><i>Human Resources for Health</i> 2021</p> <p><i>The Lancet</i> 2020</p>
